Dear Harold:

Thanks very kindly for your courtesy & confidence in mailing me 1 copy of your book "WHITEWASH - The Report on the Warren Report". Enclosed is my $5.00 check.

Sincerely
Sam W. Liske

P.S. Please forgive my use of red ink here initially on my check, & also green ink, as my Gallpen writing Black is as reflective as the mentalities of Congress and the Warren Commission commissioners. THE F.B.I. files & experiences of millions of Americans (including the pickpocket Senators & Representatives) prove millions of Lifetime ball point pens deliberately manufactured to wear out too soon so the "lawmakers" could sell Congress to the highest bidders.

After hastily glancing thru your book, I submit you ignored the following aspects on the JFK assassination:

Whenever ANY crime is committed, the suspects include ALL who profited the most from the crime. That elementary rule of detectives and police is even more important in all cases involving larger sums of $$$ money & for other reasons of state & ambitions.

When LBJ nominated Earl Warren to head the Commission, Warren used DUTIES as Chief Justice, NOT to accept. Because it was UNETHICAL for any judge to act as investigator of any felony & since the case personally would be Lilac on the calendar of the Supreme Court of the United States, Warren would be personally interested in the appeals &/or certiorari & for other writs, pleadings, records, orders, briefs etc. so that he would be obligated to disqualify himself as a sitting judge on matters in which he was chief investigator as Chief Executive. For an experienced district attorney in California to ignore such judicial ethics, violated the Canons of Judicial Ethics promulgated by the American Bar Association & the Commission was thereby rendered in all other cases. Warren disqualified himself as a commissioner & the Commission was thereby rendered

Among those who stood to gain the most from JFK's assassination were, and will be the U.S. Senators and Representatives who opposed the policies of JFK & his proposed bills; who opposed JFK the most; the Southern Senators and Representatives who opposed JFK's orders sending U.S. marshals and deputy marshals into Alabama to force Governor Wallace and his Alabama Negro to stand aside while Alabama public schools were desegregated.

JFK's civil rights championships, responses, recommended bills, lobbying in Congress, and his friendships for many negro and white and yellow race leaders for civil rights enraged and enabled the white race supremists bigots in all Southern States.

Because the Southern white Negro was implacable in their increasing hatreds against JFK (and his brother, U.S. Atty General) for their attempts to reverse generations of customs in the south wherein whites discriminated negroes and prohibition of equal voting rights, equal housing, equal public schools, equal jobs, and equal pay, and equal opportunities for advancements, and equal churches, etc., the mentally blind Southern supremists also picked up the religious prejudices by JFK and his brother U.S. Atty Gen'l — the Holy Roman Catholic Church as a scapegoat for them craftily to use to inflame infantile hatreds by the several Protestant churches in the Southern States into unreasoning hatreds against the Holy Roman Catholic Church, its hierarchy, its arch-bishops and priests and nuns and the Pope in Rome.

Every law school in the U.S. has law fraternities. When I was at one such private law school in Atlanta, Ga., in 1943, I was initiated into a law school fraternity at the initiation ceremony (for pledges / idiots), I was taught a secret handshake by my frat brothers (to shake by the hands curlicues entwined in a manner that only the frat brothers knew), & my frat brothers told me I should always thereafter use that secret handshake with other frat brothers and when I was so recognized (secretly by that handshake) my frat brothers assured me that whether I be a black-man in any legal or state or federal courts or grand jury rooms or in the Georgia Legislature, or in the U.S. Senate, or

with U.S. House of Representatives, or any other place in the U.S. or abroad, that just as soon as I gave the correct handshake, my first Cuban judge or justice or grand juror or U.S. attorney General or U.S. District Attorney or senator or representative or reporter for the newspapers or magazines or TV or radio or their newsreels that would immediately grant me, as a lawyer, "favors" I would not be one if I were not a first Cuban and that most powerful first. As Atlanta, Ga. has been the headquarters for the southern cabal since 1861, if before that, such unequal, discriminatory & preferential rulings in my favor, & in favor of whoever my clients would be, would be, obviously such a secret advantage would give me, as a lawyer, a far stronger winning percentage as a lawyer than all other lawyers would get if they were not fraternal brothers of their first.

That is way the southern cabal feloniously & treasonably stole the U.S. presidency from Samuel Tilden in favor of Hayes. And that is how Earl Warren and all his co-commissioners and attorneys and investigators conducted their phony investigation of the JFK assassination — because they, as lawyers & law schools graduates, KNEW & KNOW of such secret handshakes & other secret, felonious, unethical conspiracies between lawyers & lawyers & judges & prosecutors & [illegible] grand juries, and by their silence in their final report, & in their participation whereas record, the Warren Commission feloniously indicted itself.

As Warren was so unethical & was willing to compromise the Chief Justiceship of the Supreme Court of the United States by accepting illegally as part of Chief Commissioner

investigating the JFK assassination (which Warren then learned only from the daily press, radio & TV), how come Warren wasn't equally interested in the Bobby Baker bribes to a number of U.S. Senators & Representatives, & in Bobby Baker's close working relationship to Lyndon B. Johnson, when Johnson was a Texas Senator in Congress & Vice President of the U.S.?

If Oswald alone murdered JFK (which I don't believe for other purposes), his felony was obviously misdemeanor in comparison to Bobby Baker's bribes of Congress, even as the injuries to the U.S. Government is considered. How could LBJ be innocent of accepting part of the bribes & not guilty of misfeasance in not using his influence as U.S. Senator or U.S. Vice President to fire Baker, & to demand the U.S. Atty Gen'l obtain indictments of Baker and ALL his confederates, bribers, bribees, payoffers, conspirators, etc.

So Warren was a HYPOCRITE in accepting an LBJ appointment to the Warren Commission if Warren was solicitous for U.S. justice.

Just as the Southern cabal stole and destroyed votes for Samuel Tilden for U.S. president just so did the 20th century successors to the Nazi mavens in the South conspire to assassinate JFK & they also successfully, brazenly (& secretly covered their trails of felonies, treason & conspiracies).

My observed facts, theories, analyses & conclusions are no less valid than yours in your published book "WHITEWASH – the report on the Warren Report". The Republican critic Alex Campbell, in analyzing your book, said, in part:

"Weisberg, a former Senate investigator, attacks the Commission like a Marine with a machine gun. Some of his shots wild, but many of them explicit wounds, perhaps fatal. . .

The Warren Report – whatever else it may be – does not require a bull autopsy."

Many intelligent observers see "wild", often "they are no wilder than your own in your book, nor that of any other of the many other authors of many other books and articles on the JFK assassination. The New Republic and Alex Campbell are ignorant and stupid in praising your book as an attack "more like a Marine with a machine gun", because the simplest Marine machine guns are efficient guns, whereas Congress compiled blunderingly & treasonably to order and myles DEFECTIVE machine guns for the Marines and Army and Coast Guard, and Air Force and Navy, from the Fifth machine gun fraudulently patented to the New Republic critic by way-worn Alex Campbell.

On the TV program you were in the Panel (with Kempton Bonin, not recorded) reached millions of TV viewers & precisely when TV viewers could buy a copy of your book, & the books of the others in the Panel, they did. I stated the sales price per copy. As I have watched many other TV programs (Mike Douglas – Variety, & other programs) wherein other books (not on the JFK assassination) were

mentioned on these TV programs by authors on TV, and by Steve Allen
who sometimes broadcast, on each day TV broadcasts
on many other types of books (not related to any crime)
Recommended against these books, against Morgan May. Steele
by Gary Davis, Jr., & the other authors on these TV programs.

Finally, a note replying to your Nov. 9, 1966 letter to me,
in which you state, "I do understand its non-availability in
Manhattan bookstores since all the largest distributors last at...
I do understand its non-availability in Manhattan's largest bookstores
and by the bookstore in Grand Central Terminal in Manhattan. It's
just as understandable as its non-availability to buyers of the
books and articles by the late Louis Denbitz Brandeis in her
years of exposures of the felonies, misdemeanors, stupidity,
ignorance and imprudence of the boards of directors and trustees
of the New York, New Haven & Hartford Railroad Company, as
puppets of the J. P. Morgan partners, Vanderbilt, Stillman
Trust, Kuhn, Loeb & Co., Jacob Schiff and Rockefeller's 17 largest
private investment bankers controlled the U.S. media to
influence U.S. public opinion against Adolph Hitler and his Nazis
and threats by publicizing of the U.S. Empires by the Nazi
gangsters in the streets in Germany burning books that they
disapproved of because their authors critized the Nazis were
criminals. Your books and Dave Jones, Jr. books make the media
in the U.S. seem to be ignorant, stupid, incompetent, felonious and
treasonable for all the lies they published from the instant
JFK was assassinated to date. So why should the publishers
corporation suppots of their media allies make [illegible] books

late U.S. metropolitan & 5th No. 5 Celebrations in Berlin, World War II

Which will be overburden you or Jewelry you need to try to attend to your grace on your form.

You should limit yourself to your gear.
